

Copy and use this page to record your console settings

ALLEN&HEATH MixWizard WZ⁴14:4:2

The cue sheet provides a comprehensive layout of the console's controls, organized into columns for each channel and stereo pair. Each channel column includes a vertical stack of controls: +48V phantom power, PAD (LINE) switch, GAIN knob, HFE knob, HF knob, HM knob, LM knob, LF knob, EQ IN switch, ALK (1-6) knob, POST/PRE switch, PAN knob, MUTE switch, and PFL/SIG/L-R/SIG/Stereo Level fader. The stereo pair columns (L and R) include a BAL knob, a MUTE switch, and a PFL/SIG fader. On the right side, there are sections for STEREO PROCESSING (ST1, ST2, ST3, ST4), MATRIX (GRP 1-4), AUXILIARIES (AUX 1-6), and MONITORING (OSONoise TRIM, ZTRK/USB, ZTRK/TOLR, PINK/NOISE, TB SELECT, L-R, GRP 1-4, AUX 1-2, AUX 3-4, AUX 5-6, MUTE, PRESS TO TALK, MONITOR, ZTRK). At the bottom right, there are controls for LAMP, MIC IN, TALKBACK TRIM, PHONES, and various TOLR (Tolerance) knobs for GRP 1-4, PAN, BAL, and MUTE.
